

IRELAND - MOBILITY

WELCOMING/BENVINGUDA

Rebuda de tot l'alumnat i mestres

Teatre i balls en el gimnàs.

Visita a totes les classes

SCHOOL/ESCOLA

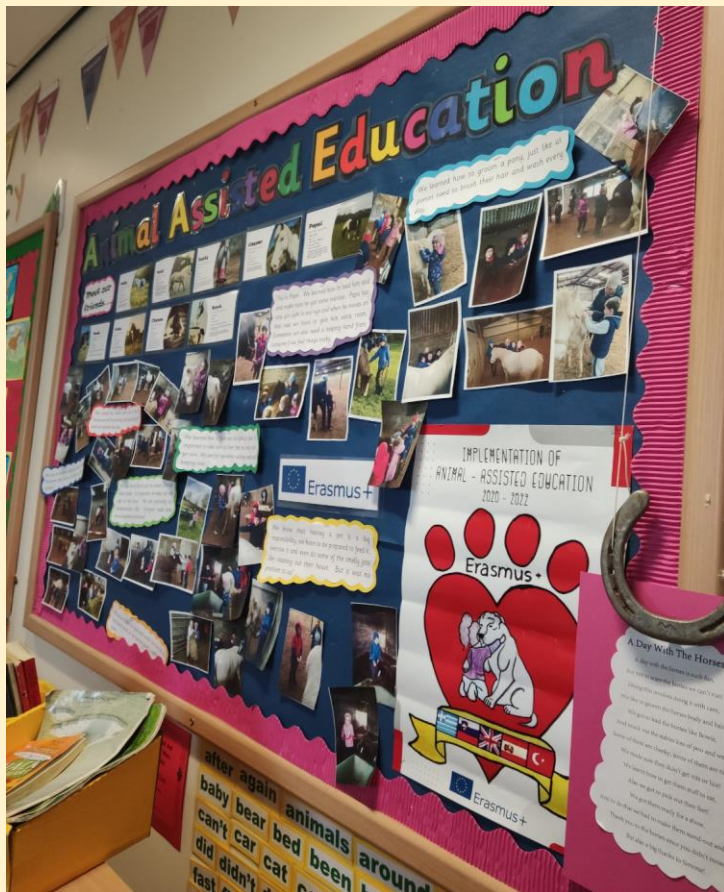

SCHOOL/ESCUELA

- **Sistema educatiu:**
 - Escola pública, de gestió privada. És una escola religiosa.
 - Infantil (Nursery) una classe de 3 i 4 anys.
 - Primària des de 5 anys fins a 11 anys. (Primary 1 to Primary 7)
- **Centre educatiu:**
 - Hi ha el doble de "assistant helpers" que de mestres. Tenen 15 alumnes/as TEA
 - Tot el col.le està en una sola planta. I totes les aules connectades, es pot recórrer tot el centre sense eixir de l'edifici.
 - Als corredors tenen racons de treball, inclús un racó de la calma.
 - L'aula d'informàtica també està en un hall.
- **Què es pot traslladar al nostre?**
 - Aprofitar tots els espais del centre, per a fer diferents racons de treball.

PROJECT ACTIVITIES / ACTIVITATS DEL PROJECTE

SAFE FOODS FOR HAMSTERS

Hamsters should only be given fresh vegetables and fruit. Do not give your hamster any processed or cooked food.

Vegetables: Broccoli, Carrots, Cauliflower, Cucumber, Kale, Spinach, Zucchini

Fruit: Apples, Bananas, Blueberries, Grapes, Kiwi, Mango, Oranges, Peaches, Raspberries, Strawberries

Protein: Hard-boiled eggs, Tofu

Hamsters like to hide their food around their habitats. It's important to provide high food levels, away from your hamster's drinking water.

HAMSTER EQUIPMENT - FACT SHEET

Food:

egg nesting spots:

bedding:

food bowl and water bottle:

large safe wheel that attaches to the cage:

chewable toys:

large cage of at least 10.5 sq. ft.:

safe pet carrier with small bar spacing:

HAMSTER CARE - ESSENTIAL FACTS SHEET

Hamsters are nocturnal:

The oldest hamster was over 4 years old:

Hamsters should visit an exotic vet twice a year for check-ups:

Most hamsters have to be kept alone, apart from dwarf hamsters:

Hamster wheels should have a solid base and be attached to your hamster's cage:

Hamsters can get protein in the form of cooked chicken, hard-boiled egg, or tofu:

A hamster needs a large cage of at least 10.5 sq. ft.:

Hamster balls and tunnels are very dangerous:

HAMSTER HABITAT - FACT SHEET

Because hamsters are nocturnal, it's best not to keep them in a bedroom:

The base of the cage should be filled with bedding that's 2 inches deep:

The cage's bar spacing needs to be very small:

Hamsters need a lot of space to exercise:

Hamster wheels should have a solid base and be attached to your hamster's cage:

Hamsters like to climb, so ladders are a great addition:

A hamster needs a large cage of at least 10.5 sq. ft.:

Hamster balls and tunnels are very dangerous:

HAMSTER FOOD PYRAMID

Hamsters like to hide food around their home. Especially when you're feeding fresh foods, check the hamster habitat every day for leftovers.

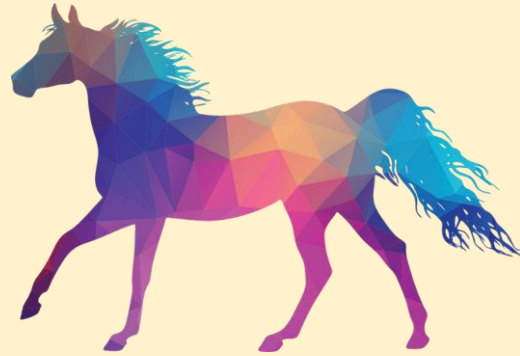

- 1. Protein**
This can add extra protein to your hamster's diet once a week by feeding them a small piece of frozen cooked chicken, boiled egg, or plain tofu.
- 2. High quality hay**
Place hay into your hamster's habitat and sprinkle other food around it to keep your hamster busy and entertained. Hay is also a great source of fiber.
- 3. Fresh Foods**
Provide a very small amount of fresh vegetables and herbs every day, and a small piece of fruit once a week. All fresh food needs to be washed and have stems, seeds, stalks, and skins removed.
- 4. Pellets and Seeds**
Feed small amounts of pellets combined with bedding, and mix provide better nutrition for your hamster.

CONCLUSIONS

- Conèixer altres formes de treballar i altres cultures i incorporar-les a les nostres aules.
- Aprendre altres maneres de poder treballar amb xiquets TEA, poden eixir al “rainbow room” per a relaxar-se.
- Enriquiment de la competència lingüística en Anglès.
- Programa de formació atractiu per al professorat que ajuda a internacionalitzar l'educació millorant la comunicació entre centres d'altres països.
